◆ Rise, Tarnished, and become an Elden Lord. Although the Lands Between are closed off by strong winds, a vast world awaits you. An extraordinary sky awaits you to traverse an endless world. As you explore this vast world, you have the chance to meet various people and items, and to interact with the destiny of your character, which is determined by your actions. However, the Lands Between is stained with the blood of beasts and ghosts. You have a spirit of a fallen noble, a haunted future and a haunted past. Among your choices, choose the path that you can rise to become an Elden Lord. ◆ Create your own Character. Whether you prefer a strong warrior, a flashy mage, or a powerful knight, you can freely customize your appearance, the equipment you equip, and the skills you acquire. Play your way to become what you are and what you will become. ◆ An Epic Drama Born from Myth. The story of the Lands Between was written on the first day of the creation of the world. The Gods made their world, and the beasts and humans descended on Earth. In that time, as many as seven Gods inhabited the lands together with the monsters they created. However, when five Gods were killed, the Gods who were left began to part. In fact, a war between the Gods took place, and the Gods who lost were exiled from the lands, and lost their powers. By those Gods' hands, the blood of beasts and ghosts was

splashed on the land. On this blood-stained land, a special race whose essence was colored with the blood of the Gods and the demons and a special race born from the blood of the Gods existed. They called themselves “Elden Lords”. ◆ Unique Online Play that Loosely Connects You to Others. In addition to multiplayer (you can directly connect with other players and travel together), the game supports a unique asynchronous online element that allows you to feel the presence of others. ◆ Threats That Pop up in the Screen. As you wander the Lands Between, you will meet various characters and items. Through your own actions, you determine the course of your story. ◆ A High-Quality Produced Game Stylish graphics and a unique and fun battle system combine for a high-quality production. ◆ Smooth and Fun Combat You can freely control and move your character, and the battle system is easy to understand and enjoy

THE ELDEN RING, STANDBY FOR A HOT GUY! Check out all the photos and videos on our TRASH-CRAFT TIPS & TRICKS page! Mon, 07 Sep 2018 10:15:23 +0000 The Tale of the Waifu

Have you ever felt the temptation to leave your village and explore the vast lands of your game? Well, we are pretty sure you've lost some of your precious time playing our roleplaying games already, but here is your chance to indulge your masochism and experience some tangible consequences. Tarnished Islands doesn't have a story—or a protagonist for you, ladies (or guys, if you're of the other persuasion) can choose from a small group of available characters you can love and develop, fall in love with, or even bury yourself in the character sheets of, if you really want to try that. The option

"There's no doubt that Tarnished copies a lot of what Puzzle & Dragons (PAD) has done and to an extent I think it works, as it's a really fun game to play and there are enough new features that should appeal to anyone who enjoys a more story driven RPG." "The game is incredibly playable and well designed, and, despite its familiarity, there's a new element to it that offers some variety to the gameplay. It's a game that's easy to pick up, but difficult to master." "Tarnished mixes the familiar gameplay of PAD, complete with auto-swapping, with a fast paced, story driven quest mechanic that aims to capture the pulse of the JRPG." "The game looks polished from top to bottom, and the gameplay is easy enough to enjoy with just a bit of strategy." "The trial also gives you an ample amount of content to enjoy and is easy to run." "All in all, Tarnished is a fun game that owes a debt to PAD, and other RPG games of the era, but is its own thing."

"Tarnished is a fantastic RPG that's surprisingly deep for what could be considered a simplified JRPG." "Tarnished is a really fun and accessible RPG on the Nintendo DS, and one that's easily worth picking up." "Tarnished is a refined take on the formula that made Puzzle & Dragons such a hit -- and it features a lot of what made Puzzle & Dragons (PAD) such a success in the first place: a streamlined, easy to use combat system, pretty dungeons, a satisfying leveling system, and charming cut-scenes." "Tarnished is a highly polished and addictive RPG that marries the ease and quickness of running through dungeons with the satisfaction of completing quests." "While playing Tarnished you can expect to jump into dungeons, fight bosses and, if you choose, go on quests that will have you exploring all over the Lands Between. It's a game that uses the DS's strengths -- visuals, control, and simple gameplay -- to give the player a great experience in a world filled with challenges." "While Puzzle & Dragons is a simplified version of the original game, Tarnished attempts to expand the formula and features a more serious cast of
