*A building made of steel, good for siege! :) Info: *Requires Bloons TD 5 - Regular (\$9.99) or Ultimate (\$19.99) (Shoot and loot your way to the top in this hilarious tower defense shooting game!)

*Optimized for Android 3.0 and above *Optimized for HDPI devices *In-app purchases optional *A big tip of my hat goes to this awesome mod *An old mod made into a new skin, courtesy of Rapidfire11, j_fire_for_eagle and DESertmoon_2. For Patrons: You know what a patron is, right? You get a special icon in-game for being a patron and you get the first crack at being a patron. Even if you're not a patron we still appreciate you helping out so much. This mod also gives quite a bit of additional info about the game in-game which is nice because some people won't be familiar with the game. Bugs: (This is incredibly rare) If you experience a bug or a crash that is not listed here send me a private message in the mod thread and I will do my best to work it out. If you find anything else please tell me as well. "I'm going to build a tower and fire off a mortar!!" Thanks to: Rapidfire11 DESertmoon_2 j_fire_for_eagle == REQUIREMENTS == *Bloons TD 5 - Regular (\$9.99) *Bloons TD 5 - Ultimate (\$19.99) *If you are buying the regular version of this mod you should also buy the Ultimate version to unlock the bonuses! == MOD-NOTES == *Does not affect the ultimate version of the game. *Will not significantly affect your game progress if you have a few levels already purchased. *Will make the game more fun. *Will not remove current game awards. == THE MOD == 1.5.0.7 5th May 2019 *Updated to 1.5.0.7 on 5th May 2019, which incorporated a bunch of bug fixes. **Fixed an issue where 'The Mortar' wouldn't work properly. **Fixed an issue where non-siege tower upgrades wouldn't work. Mr. Trump’s announcement came in the context of announcing his choice for secretary of state, Rex W. Tillerson, a businessman who has called for freer trade on a global scale. While Mr. Tillerson is a vocal critic of the North American Free Trade Agreement, he does not call for its immediate termination, as Mr. Trump appears to do. On NAFTA, Mr. Trump declared in his latest comments that “Mexico has been taking advantage of the U.S. for decades. Not any longer. The U.S. has been losing hundreds of billions of dollars a year with both NAFTA and the Trans-Pacific Partnership.” And he said he plans to introduce “a plan in four weeks that will stop job leaving and make a deal that will stop the exodus of jobs.”Q: Замена строки в MySQL и присвоение массива На странице есть блок со списком строк.
